Football

PROFILE

As a highly skilled computer science student with a strong background in software and web development, I possess a passion for creating efficient and user-friendly solutions. With expertise in programming languages such as C++, Python, C, C#, and JavaScript, I have successfully developed and deployed numerous projects utilizing modern web technologies such as HTML5, CSS3, and React. I have additional experience in GIS, creating, editing, visualizing, analysing, and publishing geospatial information using QGIS. I am an analytical problem solver and possess excellent communication skills. My aim is to leverage my skills and knowledge to contribute to innovative and impactful projects in the tech industry
